

COLOFON

Initiative

The EURURALIS project was initiated by the Working Group Sustainable Development and Systems Innovation (Wageningen University and Research Centre, The Netherlands) and was commissioned by the Dutch Ministry of Agriculture, Nature and Food quality. Project started in October 2003 and finished in October, 2004.

Support groups

The project has been scientifically supported by a Scientific Advisory Group:

J.M. Boussard (INRA-CIRAD, France)
M. Baranowski (Director UNEP-GRID, Poland)
J. Bouma (Former professor Wageningen UR)
R. Rabbinge (professor Wageningen UR)
J. Blom (Deputy director Agricultural Economics Institute (LEI))
K. van Egmond (director Environmental Assessment Agency (RIVM))

From the Ministry of ANF a Policy Advisory Group gave advice :

H.E. van Latesteijn
S. Mager
G. Meester
M. Remmers
J. Bakker
T. Breimer
J.G. Deelen

Project execution

Participating institutes :

Alterra, Research Institute for the Green Space, Wageningen University and Research Centre.

Members of the core team: J. Klijn (projectleader), L.A.E. Vullings

Contributions from the following specialists (specified after topics):

Projectcoordination: J. Klijn (projectleader), L.A.E. Vullings

Biodiversity: J. Verboom-Vasiljev; R. Reijnen

Carbon sequestration: G.J. Nabuurs, N. Heidema, T. Helmink, P. Kuikman

Yield: R. Rötter, K. van Diepen

Land degradation: J. Stolte, R. Hessel

Animal disease: M. Perez Soba, I. Gies, T. Hagenaar (ID Lelystad, The Netherlands)

Data processing: S. Mucher, E. Muller, A. Willemsen, J. Clement

Design booklet and design figures: M. Jansen, R. Olde Loohuis, C. Onderstal, J. Wiltink

Editorial advice: J. Luttik

Application development: A. Lamakers, W. de Winter, P. Verwey, T. van de Wal

Application design: M. Stoker

Geo-information and Remote Sensing Group, Wageningen University

Member of the core team: R. van Lammeren

Contributions from the following specialists (specified after topics):

Interface: R. van Lammeren
Data processing: A. Bergsma, W. ten Haaf

Soil Inventarisation and Land Evaluation Group, Wageningen University.
Members of the core team : P. H. Verburg, A. Veldkamp
Contributions from the following specialists (specified after topics):
Landscape Level Modelling (CLUE) P. H. Verburg, A. Veldkamp, N. Witte, N. Schulp

Environmental assessment agency - RIVM
Members of the core team : H. Westhoek, J. Bakkes, M. van den Berg
Land use and climate change: B. Eickhout and T. Kram
Biodiversity: R. Alkemade, T. Tekelenburg and P. Reidsma
Data collection and processing: K. Klein Goldewijk and J. Meijer
Urbanization: L. Crommentuijn
Nitrogen fluxes: H. Eerens and L. Bouwman
Demography: H. Hilderink
Scenarios: J. Bakkes, M. van den Berg and H. Westhoek
Selftest: T. Aalders

Agricultural Economics Institute (LEI), The Hague, The Netherlands
Members of the core team : T. van Rheenen, H. van Meijl
Contributions from the following specialists:
H. van Meijl, A. Tabeau, F. van Tongeren, M. Betgen, T. de Kleijn.
